DIDN'T GET TOGETHER.

THE IRONTON MISFITS KNOCK THE LOCALS SILLY.

The Game at Ironton Yesterday Run With a Big B—Another Game This Afternoon—Short Stops.

Kick! Kick! Kick!

And there's one coming, too.

Manager Melville's Misfits may well be proud.

They were too much for the Maysville boys yesterday by one—

Ironton 12, Maysville 11.

That's the "cherishing" news that was clicked off by the telegraph machine in this city last night.

George Reiman, the man who has thrown down the Cincinnati Reds twice and the Washington Senators once, and who has been the man we could rely on to pull us out of a bad fix, went into the box a sick man, and after trying to pitch in that condition was knocked completely out, Hillery having to go in and finish out the game.

The Ironton team was composed of men from Huntington, and other up river points just for this occasion, but that is no reason why they should defeat the Maysville boys.

But with Willie Weimer in the box, and all the boys feeling all right and playing ball as they do when they win, we predict a nice clean dose of white wash—just what Weimer is capable of doing since "the pin-feather Editor" of THE LEDGER gave him a couple of punches.

Just to think, a club with such a reputation as the Maysville boys have, go away from home and let a crowd of misfits do them up and knock the best pitcher we have out of the box is enough to make Joe water run out of a volcano.

But the boys were beaten, and that is the story.

SHORT STOPS.

The Vanceburg Sun is still talking about that great club of theirs. Listen at this piece of rot from that paper:

"The Colonels had no idea of winning the game from Maysville, but started in bravely to try it, but not to be disappointed if they did not."

The Covington Commonwealth is one of our good "rooters." Here is what it thinks of the team:

"Hurrah for Maysville! They again defeated the Manhattanets of Cincinnati yesterday by a score of 7 to 6. The day previous the Cincinnati lads were shut out. Has Ohio anything that can beat the boys from Maysville?"

Not when they play ball, but Ironton's misfits caught them napping yesterday.

The Commercial Gazette, speaking of several of our players, says:

"The friends of Johnny Heleman, the Cincinnati boy who is playing such a great game for the Maysville team, will be pleased to hear that he may soon break into big company. Johnny has a good offer from the Detroit Western League team, but he may not join them until next season. Heleman of Covington, who is a member of the same team, also has an offer from the same club. The boys do not like to leave Maysville, however, as they have been treated royally both by the management and public. The two defeats that the Maysville team has caused the Reds to suffer has attracted the attention of minor league managers to the play of the team, and the chances are that several of them will be given a trial in fact company next season."

The Editor of The Brookville Review saw the Cincinnati-Maysville game in this city, and this is what he thinks of it:

"The game of ball between the Reds of Cincinnati and the Maysville team Friday, on the latter's grounds, was one of the finest and closest games ever played. To the surprise of at least 1,500 of the 3,000 people who witnessed the game the Reds suffered defeat, the score standing 8 to 3 in favor of Maysville. The game was replete with fine playing; both sides batted hard and every inning brought a sensational catch or pick-up, followed by matches base-throwing. Maysville certainly was a team of wonderful amateurs, and all honors are due them for defeating the Reds; they simply outplayed them at every point. Mr. Mathews of Maysville umpired the game very satisfactorily. In close plays, he gave the Maysville the benefit of the doubt, but altogether, his decisions were fairer than that of most League Umpires."

Sechrist is pitching for the New Orleans team in the Southern League.

Stultz, who pitched for the Shelbyville team last season, is now playing with the St. Joseph team.

McCormick, with last season's Gymnasiums, is playing second base for the New Orleans team.

The tail-enders are doing their share in making the League race interesting by throwing down the leaders.

The Louisville have not only greatly improved in batting and fielding but have become expert base runners.

Taylor, who played third for Maysville during the Cleveland game last season, is playing short for Milwaukee.

Pete Hall, who played second base for Maysville during the Cleveland game, is playing second base for Portsmouth, Va.

The Maysville Pickers challenge any team in Mason county for a ball game. Address Wood Noel, Manager, care LENO.

Daniels, formerly with the Georgetown team and who pitched against our team last season, is playing with the Nashville team.

George Nie, who caught for the Locals part of last season, is now catching for the Grand Rapids team in the Western League.

If the Maysville boys only knew how anxious the Maysville people are for them to win every game they play, they would go in and do that very thing.

Bodemer of the Navies, who was hurt at Vanceburg, is improving. He has been laid up in bed for the past four days, but was able to be out awhile today.

Dick Carr's Nine was defeated yesterday by the Pickers and six umpires by a score of 9 to 8. Batteries for Carr's Nine—Orr and Molen. Batteries for Pickers—two starbats. All the Pickers but four got their release, and the coo catcher got his finger broke. Time of game 1:30.

The Navies will go to Knoxville, Tenn., on Wednesday, Thursday, Friday and Saturday of next week. Terms were agreed upon Thursday afternoon between Manager F. H. Moffett of the Knoxville team and Manager Tiek. The Navies leave Cincinnati on next Tuesday evening.

The Ashland News says this about one of our star pitchers, catchers, batters and fielders:

"Hillery, the young fellow whose long hair didn't suit the sun at the recent contests here, pitched his first game for the Maysville against the Manhattanets Wednesday, and let them down with seven hits."

Johnny "Dugan" Dunn, a little fellow who is one of the most enthusiastic "rooters" the Maysville Club has, was signed as the mascot for the team. Johnny was placed in position between Rieman and Tenley on the picture that was taken Wednesday. He was dressed up in his new uniform, with his mask and moustache to his belt, and was taken along to Ironton to "quer" the minds of that town, but Johnny proved a Jonah. The boys lost out by a close margin, and it is all blamed on "Dugan."

Fletcher Day of the Felicity (O.) Times is a Maysville "rooster" sure enough. Just listen at him.

"Walking upon their heads—Forasmuch as Maysville's truly great, greatest baseball club gave Cincinnati's famous pitcher a second successive lambasting, the citizens of each and every ward and precinct at Maysville, with some out at Washington and a number over at Aberdeen, are walking upon their heads."

"The public dementia is not only universal, but it has struck in. Every mother's son and daughter, regardless of age, size or previous condition

KENTUCKY REPUBLICAN PLATFORM.

We are opposed to the free and unlimited ex-
port of silver, believing that it would injure the
country in financial ruin. We believe in a sound
currency and in the use of both gold and silver for
currency, provided always that a dollar in one
medium be practically as valuable as a dollar in the
other.

We favor a law if regulated so as to protect the
interests of all classes of our citizens upon articles
that may be successfully manufactured or
produced in this country, thus insuring good
wages to the laborer and a home market to the
producer; and in connection with the law we favor
the establishment of the doctrine of reciprocity.
We believe that such a system will bring every
Government's exports gradually to a point where
they will be able to compete with the products of
other nations, restore public confidence and relieve
the rate of the world's debt, and prevent
concerning the currency. In view of the
financial history of the Democratic party, its
division in the old debt and silver and gold
tendencies, we affirm that the Republican party
can be more safely trusted to regulate the finan-
cial system of the Nation.

We favor an American policy which will give
particular attention to the interests of our
people of the world at all hazards and will sym-
pathize with struggling Republics rather than
ignominious monarchies.

BRADSTREET'S

Review of Business for the Past
Week.

Leading Manufacturing Industries
Exceptionally Busy for the Season.

Railroad Earnings Show Gain Over Last
Year—Exports of Wheat and Flour
Slightly Increasing—Junkies in the
Western Cities Well Satisfied.

New York, Aug. 17.—Bradstreet's
Saturday says: Midsummer quiet is
more conspicuous than a week ago,
though less so in industrial than in
commercial lines. As a rule leading
manufacturing industries are excep-
tionally busy for the season, and it is
worth adding that the increase in out-
put and the demand and prices for
iron and steel still continue.

Gross and net railroad earnings re-
turns for the first half of the present
year show very satisfactory aggregate
gains over last year, a period of great
coal and railroad strikes and of finan-
cial and industrial depression and in-
crement. The best showings in net
earnings are made by the central west-
ern and southwestern routes, while
the only decreases noted are in the
granger and southern roads.

Exports of wheat and flour, wheat
